

## IVRVP – ROOTS VACUUM PUMP (WATER COOLED)

### TECHNICAL DATA

| DESCRIPTION                                                  | IVRVP 250          | IVRVP 550          | IVRVP 1100         | IVRVP 2200         | IVRVP 4400         | IVRVP 9000         |
|--------------------------------------------------------------|--------------------|--------------------|--------------------|--------------------|--------------------|--------------------|
| Displacement M3/HR                                           | 250                | 540                | 1080               | 2160               | 4322               | 9000               |
| Ultimate Pressure (Torr)<br>With high vacuum<br>backing pump | $4 \times 10^{-4}$ | $4 \times 10^{-4}$ | $4 \times 10^{-4}$ | $4 \times 10^{-4}$ | $4 \times 10^{-4}$ | $4 \times 10^{-4}$ |
| Inlet port (mm)                                              | 80                 | 100                | 150                | 200                | 250                | 320                |
| Outlet Port (mm)                                             | 80                 | 100                | 150                | 200                | 200                | 320                |
| Motor Power (Kw)                                             | 1.1                | 2.2                | 4.0                | 7.5                | 11.0               | 18.5               |
| Weight (Including Motor)                                     | 110                | 190                | 265                | 570                | 770                | 1350               |
